System Description

The GMTK consists of 136 tools including the following: Square drive sockets in both metric and S.A.E. sizes, ratchets, extensions, combination wrenches, flat tip and cross-tip screwdrivers, hammer, flashlight, hole/thread/thickness gages, drive punches, cold chisels, pliers in various styles and sizes. The entire tool load is contained in a 4-drawer injection molded plastic toolbox that has wheels and a retractable handle for easier mobility. Each drawer has a foam liner with individual cutouts that hold each tool in a specific place, providing the rapid inventory capability required by the soldier.

System Mission

The new modernized GMTK is a soldier-portable tool kit designed for use by any repairman requiring basic automotive-type hand tools. It is used by all maintainers in Career Management Field 63. The GMTK is also used as a component in the Forward Repair System (FRS), and is the base kit for the Multi-capable Maintainer Tool Kit (MCMTK) for the newly established MOS 63A, Abrams Main Battle Tank Maintainer, and MOS 63M, Bradley Fighting Vehicle Maintainer.
